MONUMENT FOR DEWEY PLANNED AT MANILA BAY

Philippine Legislature Will Appropriate Money Needed to Honor Admiral.

(By Associated Press.)
MANILA, April 25.—(By Mail.)—Construction of the proposed monument to Admiral George Dewey on the shore Manila Bay must wait until the money is appropriated by the Philippine legislature. Manuel L. Quezon, president of the Philippine senate, who was appointed chairman of the Dewey memorial committee by former governor general, Francis Burton Harrison, asked Governor General Leonard Wood to authorize the release of funds partly to cover the expense of starting work on the monument. But Governor General Wood replied that no money for this purpose can be made available at this time, owing to the financial condition of the government.

The proposed monument is to cost \$200,000, one-half to be provided by the Philippine government and the other half by the United States government. The last legislature failed to make an appropriation for the proposed work on the monument, therefore, cannot be started until funds are provided by that body. Governor General Wood said while he was in entire sympathy with the movement there was no way of providing the money at this time.

The site selected for the monument is for the old Spanish fort Can Antonio Abad, not far from the spot where Dewey sunk the Spanish fleet in 1898.

LEPROSY BEING TREATED HEAVY COST TO CHINA

Chaulmoogra Oil Selling at Hundred and Twenty-Five Dollars a Quart.

(By Associated Press.)
MANILA, P. I., April 25.—(By Mail.)—Lepers of China may be treated with ethyl ether manufactured out of chaulmoogra oil obtained from the Philippines. It is said the cost of the drug in China is so high that doctors hesitate about using the treatment, one quart selling for \$125 while the Philippine government is now able to manufacture it for about \$15 a quart.

Recently the health authorities of China approached the Philippine government authorities regarding a supply of ethyl ether and the local government agreed to increase the output so that China might obtain treatment for a large proportion of her lepers of whom there are said to be 400,000. The bureau of science of the Philippines is now equipped to manufacture the drug in large quantities and it is understood the Chinese will soon receive a shipment. The Chinese lepers have not been assembled in a colony but are scattered over every province in the republic.

ECONOMY COURT IS ABANDONED GREAT BRITAIN

Buckingham Palace Again Scene of Extravagance After Setting Example.

(By Associated Press.)
LONDON, May 15.—(By Mail.)—Economy is no longer to be the keynote of court functions at Buckingham palace. No more "economy courts" as they are called, are to be held. These were established by their majesties after the war to set fashionable society a much needed example in curbing extravagance.

The seal of royal approval has now again been bestowed on court trains. Indeed no women can be presented at court who does not wear them. Of course, as a man the lord chamberlain cannot presume to be an expert on fashionable feminine dress, but it is one of his many official duties to lay down the rules and regulations to which women must conform at the most exalted of court functions.

That is one of the things for which he is paid \$15,000 a year. He has to be a peer besides of quality for the exalted office which is accounted among the political plums that the prime minister has to give away. The present lord chamberlain is in the top class of the peerage. He is the Duke of Athol.

By restoring the court train he has earned the blessings of the fashionable dressmakers. But they would have lengthened their blessings if he had lengthened the trains. Before the war three yards was their regulation length, while Queen Victoria didn't consider four yards too long. But the new regulations they need be only two yards in length and should not extend more than 19 inches from the heel of the wearer when standing.

To walk backwards before royalty in a train three yards long, without getting tangled up in it, imposes a severe tax on the agility and skill of not a few socially ambitious women. Queen Mary is a very kind woman and she would naturally wish to spare her sex making exhibitions of themselves. Hence she was in favor of the shorter length for trains.

CANCER OF LIVER CAUSES UREN DEATH

The autopsy performed this morning upon the body of the late William Uren, by Drs. R. R. Craig and F. E. Smith, disclosed that death resulted from cancer of the liver. It also disclosed that no injury the deceased had suffered in any way had anything to do with his illness, and that neither was he afflicted with tuberculosis.

CARD OF THANKS.

We desire in this manner to extend our appreciation to the many friends and neighbors who assisted us during the recent illness and death of our beloved husband and father. We are especially grateful to all, and especially to the Belmont lodge No. 24, I. O. O. F., and Desert Queen lodge No. 22 of Rebekahs for the many beautiful floral offerings.

AMUSEMENTS

WILLIAM RUSSELL AT THE BUTLER

William Russell will be with us today in his latest picture, "The Lady From Longacre," which tells the story of an aristocrat inclined to stray from the staid and dignified path of high society into the folds of the lower and more human class. Sir Anthony is his name, and he changes it to Tony. When Tony meets the fugitive princess of a far away kingdom his adventures begin, and they do not stop until he sails across the ocean to rescue her from a distasteful marriage. There is a double romance running through the story, which is filled with lively action.

Added to the program will be a two-reel Mermaid comedy, "The Greenhorn," which is also filled with plenty of action and plenty of fun. Tomorrow, Winfred Westover, now the wife of William S. Hart, and Dolores Cassinelli, in "Ann of Little Smokey," a thrilling, red-blooded tale of strong men, loyal women and big emotions.
